

# MIGMAG Pro

**Ceramic  
Protection**  
[www.migmagpro.com](http://www.migmagpro.com)

**MIG MAG Pro** protects welding equipment and consumables from damage caused by weld spatter. An exceptionally fast drying, long lasting and durable ceramic coating formulated to withstand the rigors of the professional welding environment.

---

<b>Benefits</b>	<input type="checkbox"/> Greatly reduced process costs
	<input type="checkbox"/> Increased welding time
	<input type="checkbox"/> Consumable parts last longer
	<input type="checkbox"/> Improved productivity

---

<b>Typical Uses</b>	<input type="checkbox"/> Protection of shrouds and contact tips.
	<input type="checkbox"/> Protection of jigs, fixtures and fittings
	<input type="checkbox"/> Protection of cables
	<input type="checkbox"/> Protection of critical work pieces

---

#### Method of use

**Application** Shake the aerosol for 20 to 30 seconds before use. To ensure an even coating spray approx 15 to 20 cm from the surfaces requiring protection. The coating dries and is ready for use in a few seconds.

**Surface preparation** For best results the surfaces should be clean, dry and free of dirt and oil.

---

**Shelf life** After use invert aerosol and spray until clear gas is emitted  
12 months from qualification under original seal

**Health & Safety** Please refer to the Material Safety Data Sheet for handling and safety data.

**Container Size** 400ml aerosol

**Companion Product** FixFitPro - Water based ceramic coating for fixtures.
